

Our Signature RollerMouse, Now **Wireless**

Still Pain-Free. More Productivity

RollerMouse Red Wireless is everything you love about our award winning RollerMouse Red and more, with ten cursor speed selections, improved digital click for an even more natural “at your fingertips” feel, extended bar length for greater rollerbar access, and a long lasting battery life.

A New Way to Work

RollerMouse Red Wireless eliminates harmful gripping and pinching postures that are associated with the use of a traditional mouse, and reduces muscle effort in the fore-arms while letting you accomplish tasks with a completely neutral hand position.

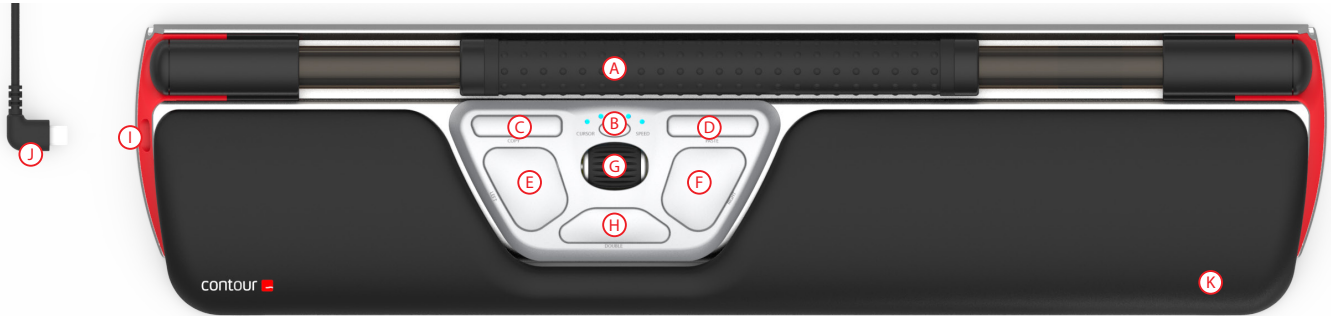

Free From the Wire

- New wireless technology
- Built-in rechargeable battery
- Up to 3 months of battery life
- Includes a micro USB charging cable

Button Functions

The RollerMouse Red Wireless has five buttons, including left click, right click, “one touch” double click, copy and paste. The buttons are all centrally located below the rollerbar to keep your hands and wrists in line with your keyboard, and to reduce unnecessary reaching while improving your posture.

Key functions:

- A. Rollerbar
- B. Cursor speed adjustment
- C. Copy
- D. Paste
- E. Left click
- F. Right click
- G. Scroll wheel
- H. Double click
- I. Micro USB plug
- J. Charging

Multiple Wristrests

Customise your RollerMouse Red with the wristrest which best supports you.
